

Christ Central Ministries, Inc.

Their mission is to declare hope and offer help through volunteers to those in poverty. Christ Central Columbia is meeting the needs of the poor and disadvantaged in the Midlands Community by first providing basic needs, such as food, clothing, and by tending to the spiritual need, such as prayer. The mission assists individuals in improving their lives and the lives of their families by providing teaching and training in the areas needed to secure and retain employment, to stabilize their family through food distribution, and develop Christian character.
